VOL.8:NO.385 CHAUVIN, ALBERTA, WEDNESDAY, OCTOBER 12th 1921 5c. per copy \$2.00 per year in advance

M. D. Ribstone Council Meeting

Regular meeting of the Council adjourned from Oct. 1st was held at Chauvin at 1.30 o'clock in the afternoon of Saturday October 8th. All members present: Reeve Ferguson presiding.

Minutes of last preceding meeting were read, and Council Sewell moved that same be adopted as read. Carried.

Poison for Grasshoppers: After some discussion, Council Sewell moved that, as most of the poison was still on hand, the cost of same be a charge on general expense account. Carried.

Salvation Army Rescue Homes: The matter of contributing to the rescue work of the Salvation Army having been taken up at two previous meetings and fully considered, Councillor Tunney moved that a grant of \$25 be made to the fund. Carried. There voted for: Reeve Ferguson and Councillors Tunney and Sewell. Against: Councillors Ribstone and McCluskey. (Council. Dumont was not present at this time).

Accounts: All accounts and labour time sheets were approved and ordered paid, on motion of councillor McCluskey, with the exception of G. W. Allan & Co. who was referred back for further particulars.

Mr. Price attended to press for all work on his farm, on sec. 22, Twp. 4 M. This matter was referred to Council. Sewell, who gave an undertaking to attend to same at an early date.

Tax Sale List: The tax sale list, being for all arrears to Dec. 31 1920, and including all lands in the last year list was approved. Council Sewell moved that the Statutory Notice be inserted in the newspapers, and that the detailed list be supplied to those requiring same, such lists to be in circular form prepared by the Secretary. That the costs be the same as last year, \$2 per parcel, but such costs be reduced to \$1 per parcel if paid on or before the date of the tax sale. That the Tax Sale be advertised for the 15th day of December at Ribstone at ten o'clock in the forenoon. Carried.

Road Divisions: Council. McCluskey moved that the sum of \$15 per acre be paid to Mr. Guy and Mr. Moriarty for land acquired for road divisions on the west side of the road (in V.M. 10), and that this shall include any fencing and labour done by the owners. Carried.

Railway Depot Service: Councillor Dumont moved that Secretary be instructed to write to the Canadian National Railways, asking for an improvement in the service at Chauvin Depot, owing to complaints as to the early closing of the depot, and other matters connected therewith. Car. Land For Park Purposes: Secretary read a letter from Dept. of Interior handed in by Mr. Keith, re-land for park and sampling service at Chauvin. Land. Secretary was instructed to apply for the land required, provided rental.

Councillor Tunney moved that the meeting be adjourned, and that the next meeting be held at Chauvin on the first Saturday of November, at 1.30 o'clock in the afternoon.

Seventy thousand grain cars were distributed through the agricultural districts of Manitoba, Saskatchewan and Alberta for the initial movement of this season's grain.

Fram District Earns Proud Record

The Fram District has established a proud record in raising 43 bushel of Kitchener wheat to the acre. To Archie Graham belongs the credit of such record. Upon a forty acre patch of summerfallow land, seeded down with Kitchener wheat at the rate of one bushel and one peck per acre was this crop grown.

Wheat fields in the Fram district this season are yielding at the rate of from 20 to 35 bushels per acre.

Fram G. G. A.

A special meeting of the above association will be held in Fram School on Saturday evening next October 15 1921. There are many important matters up for discussion and it is hoped to see all members present. Any others who wish to attend will be welcome. An interesting series of meetings and socials are being arranged in connection with this local for the winter season, and it is hoped to have the help of other locals in providing the necessary speakers etc. Musical evenings and dances will help to while away the long winter evenings and the directors are looking for the help of the district in helping to achieve their object—viz—to foster a real good community spirit in Fram district.

Notes from North East

Mr. Miller of Smith's Falls, Ontario entered upon his duties as teacher at Fram School last Wednesday. Mr. Miller comes with good credentials, and we trust his coming will prove beneficial all round.

Alterations are to take place at the Fram school in the near future, and it is hoped to make the school warmer for this winter.

It will be wise to take notice of the things that are going to take place during the coming winter. If we cannot get a decent price for our grain, we can, at least have as good a time as possible among ourselves.

Nearly all are now threshed out, or being threshed. The number of machines in this district have increased. So there must be some money in threshing after all, especially at 15 cents per bushel for wheat. It is time every farmer possessed a machine of his own when such exorbitant prices prevail.

At last we have a date for the federal election. Now the chance is at hand for the farmers to decide what they really want.

A Record Train

A Canadian National Railway train carrying 85,000 bushels of wheat valued at \$132,600, was delivered at the Port Arthur elevators a few days ago. The train which was three quarters of a mile long with a total tonnage of 9,320, travelled the distance between Winnipeg and Port Arthur, 438 miles in 22 hours. This is said to be a new record in freight haulage.

60 per cent more of western Canadian crop was marketed this year during September than in 1920.

HOW CANADA IS GOVERNED

(continued from preceding issue)

THE JUDICIAL COMMITTEE OF THE PRIVY COUNCIL OF ENGLAND

With the constitution and procedure of the courts of laws of England, all the save no direct connection. Justice is administered in their own courts, which have full jurisdiction over all matters of Canadian concern and the king is in theory as much present in Canadian as in English courts. But over the empire there is one great court of appeal, to which appeal can be made in cases of important controversy and doubt.

The origin of this court, called the Judicial Committee of the Privy Council, must be sought in the fact that even after the formation of the regular courts out of the great council of the lords, the supreme judicial powers still remained and were exercised in the great council of the sovereign.

The great council became divided into the house of lords, which still has the permanent of its judicial powers, in being the final court of appeal for most cases arising in the United Kingdom and the privy council. This latter was eventually divided into committees, one for the judicial purposes, and one for the administrative. It is now regulated by statute, and is composed of the lord high chancellor and other legal functionaries who must all be members of the king's privy council.

Since 1887 Canada has been directly represented in this high tribunal by the chief justice of the supreme court of Canada, who is a member of the judicial committee and the other great colonies are also similarly represented.

CHAPTER IV

NATURE OF IMPERIAL CONTROL OVER CANADA

With these explanations of the leading principles of the supreme government of the empire, I come now to explain to my readers in what manner, and to what extent this imperial government can and does exercise authority or control over this dependency of Canada.

The following principles and methods of procedure may be laid down as governing the relations between the imperial and dominion governments.

THE GOVERNOR-GENERAL

The king as the head of the executive authority of empire, acts through a governor-general. It is through the governor-general that all communications between the imperial and the Canadian government must pass.

When the Canadian parliament requires legislation that properly falls within the jurisdiction of the imperial parliament, addresses to the king are passed by the former body, setting forth the nature of the legislation desired—such as an amendment to the British North America Act of 1867, which is an imperial statute, and can only be amended by the same authority that made it.

This address is forwarded by the governor-general with such remarks as are necessary, to the secretary of state for the colonies.

(to be continued in our next)

Chauvin W. I. Notes

The regular meeting of the W.I. was held in the Rest Room on Saturday October 8th.

A confusion in the minds of a number of the members as to first and second Saturdays resulted in a rather meagre attendance. A discussion on the advisability of keeping the Rest Room open during the winter months occupied the major part of the afternoon. A final discussion was left over for another meeting.

Mrs. Freeman reported progress on the operetta which is being prepared for the Institute concert to be held shortly.

Mrs. C. Miller and Mrs. C. Kirby served a dainty lunch.

Chauvin School

Trustees Meeting

Regular meeting of the School Board held at the School House on the 3rd instant. Present: Mrs. Saul and Mr. Foxwell. Mr. Foxwell presided in the absence of Dr. Folkins, who was busy threshing.

Minutes of last meeting were read and approved on motion of Mrs. Saul.

Following accounts were presented and ordered paid, on motion of Mrs. Saul: Land Titles Office, Registration fees, \$16.40; F. E. Osborne, \$12.45; Western Lumber Co., \$37.55 and \$12.75; Express \$2.65; Day & Knight Chalk \$11.25.

Letter was read from the Inspector of Schools, in reply to the invitation of the Board to have the Teacher's Convention held at Chauvin. He stated that the place of meeting had been fixed last year, and he regretted that nothing could be done this year.

There being no other business, Mr. Foxwell declared the meeting adjourned.

Political Convention

Vermilion: Oct. 18

A convention will be held at the Albert Hall, Vermilion, on Tuesday, the 18th day of October, 1921, at 2 o'clock in the afternoon, for the purpose of organizing a National Liberal and Conservative Association for the federal riding of Battle River and of nominating a candidate to contest that riding at the forthcoming Dominion election in support of the Meighen government.

A mass meeting will be held in the evening in the Columbia Theatre at which several prominent speakers will take part.

All polling stations as at the prohibition election in 1920 are asked to send delegates to the Convention.

Harvest Home Dinner

The Leatholme U. F. A. and U. F. W. A. are again combining to hold their annual Harvest Home Dinner in the Prosperity School at 6 to 8 p.m., Friday, October 28th. Complete arrangements have not yet been made, but we can all depend upon this being one of the big events of the season. More details will be published later.

LEATHOLME U.F.A. & U.F.W.A.

The next meeting of the Leatholme U.F.A. and U. F.W.A. will be a joint one, and will be held in the Prosperity schoolhouse at 8 p.m., Friday, October 14th.

Prize Winners At Edgerton School Fair

The second annual school fair was held at Edgerton on Tuesday, Sept. 27.

There was a large attendance of pupils and their parents, and a great improvement was noted on last year's exhibition, both in the quality and the quantity of the exhibits. Thirteen schools participated, and in many of the classes there was the keenest competition.

The Chané exhibits were especially good; probably this was due to the fact that in three classes viz: carrots, beets and potatoes, there were four prizes given to each school in each class. The extra expense involved was amply justified by the splendid results obtained.

Messrs. R. V. Campbell and W. Spornits had charge of the sports, and worked indefatigably on behalf of the pupils. Indeed, much of the success which attended the fair was due to their untiring efforts.

Four of the judges came from Vermilion School of Agriculture, and did the judging in the classes comprising cooking, sewing, vegetables, grain and livestock. Mr. Fuller was the judge in the classes devoted to drawing and handicraft.

All We Like Sheep

CONTINUED

The other day Premier Meighen addressed a large audience at Portage la Prairie. It was estimated that 90 per cent of the audience was Grain growers, or farmers. After a speech of four hours duration what do you suppose was the question asked him with a frown? About the late deceased Wheat Board, or his scheme of a live stock crisis, or the reduction of the tariff?

No, guess again, nothing so proxy, and practical as that! It wasn't even a query about our old friends the Natural Resources. No! But one

farmer got up and said he wanted to know why the Hutterites were allowed exemption during the late war! With so many live subjects to question the Premier on, that was the best that Portage la Prairie farmer could do.—str up a little conscription strife, which looks all the less as aly at the time, when his U.F. brethren are showing so much kindly zeal in getting this sort of person naturalized in time to vote. Then again the other day there was a coun- Winnipeg for the purpose of consid- ering such weighty practical matters as a wheat and cattle pool, but the on account of the small attendance, Alberta delegates being so busy hold- ing nomination conventions, that they had no time to attend such a

cut and dried practical affair as a business conference?

Again another instance,—The federal constituency of Red Deer had its convention last week, when a candidate was selected to run on the 'close' ticket, and seven or eight aspirants for the job, beside Speak- man the chosen representative spoke on the farmers' reasons for going into politics. And not one of them mentioned the tariff! No Sir! They're not out to fight for better markets, tariff reduction, or any- thing like that. Nothing so selfish and self seeking! They're out to clean up this party system, or starve in the attempt! And starve they will if they don't begin soon to take a little more practical a view-point.

To be sure it is much easier to talk bunkum of that description than get down to cases, and satisfy the intel- ligence of the average citizen who knows that the taxes have to be paid somehow, and that we can't elimi- nate all revenue begetting agencies all at once without placing these where they may be no more bearable or welcome.—But still where is such talk getting farmers? To talk of improving politics without showing any interest in solving our economic problems, is to show ourselves in the way of putting around painting his ver- andas, and cultivating a shrubbery when he should be summer fallowing. Besides if our zeal for house cleaning brings federal success we won't be able to fall back on the old excuse and blame the government, for the government will be US!

Even if, as has been hinted those candidates for office don't know much more on the subject of the tar- iff than a few acronyms—let's put phrases taught them by the Guide, yet if they're going to do so much house cleaning they had better "brush won't fall down too badly when they get to Ottawa. And in the name of common sense let us stop this chest clapping—Holler that the other party has attitude. No Sir! No Sir! No Sir! Can afford to throw too many stones at the opposition, the U.F. are no more spotless than any other. If we must give battle let us do it like "regular fellows", not like a bunch of canting hypocrites, calling names at party practices while adopting them ourselves.

It is time to drop the visionary "stuff", group systems, etc. The Premier, of Canada, has declared the tariff to be the issue,—and the tariff it is! Are we farmers, for the sake of getting our implements 15 per cent cheaper, prepared to stand competition with all other produce producing countries which would dump their imports on our markets, if the tariff was removed? Will the 15 per cent. increase in our pockets open up the loss we would sustain through lowered prices, and flooded markets?

Will we accept the offer of a govern- ment wheat Board, or will we go on blindly trusting the Farmers' Company which refuses to give us any satisfaction on the profits and our averages at the terminals, and which has joined hands with our sup- posed enemies the Grain Exchange men, to have the matter hushed up?

These are the things we're voting about in December and these are the really vital questions for us as farm- ers.

After all doesn't it seem rather far cleaning up the party system on a special privilege platform. While the U.F. representative is in par- liament responsible to the organiza- tion only which put him there, who is to look after the interests of the others in his constituency? Small comfort it must be to them to be hushed up with the assurance that this the latest idea of cleaning up the party system. Cleaning up politics, like charity should start at home.

(Continued)

ent time that fire will smoulder and consume the vegetable matter, with the result that as soon as vegetation is sufficiently dry it will be dried by the fire burning in the soil and unless extinguished will burn over unlimi- ted areas.

In many sections the stubble in the grain fields is already inflammable and grain has been destroyed, also buildings.

It is important that every possible precaution should be taken to prevent the spread of fires kindled in the open, in fact no fire should be kindled in the open at the present time unless where it is absolutely necessary, and no match, cigar, or cigarette stub should be thrown away.

I am, Sir,

Your obedient servant,
BENJ. LAWTON,
Chief Fire Guardian

W L A. Notes

'Tis the longest again. We feel like a nagging woman! It is to be held on December 3rd, the first Saturday of that month. The funds are to meet a payment on the manse which falls due at that time. The members of the W.A. are meeting two nights a week—Wednesday and Saturday to sew in preparation. Any one who could give one or both of those nights would be assisting greatly. Then there is your own "one article."

An agent of the Hudson's Bay company has purchased a herd of 700 reindeer in Finland, which will be sent to Baffin land in charge of Lap- land herders. The reindeer will be raised for their hides and meat. Some of the animals will be used for trans- port service instead of dogs.

What Kind of Tariff Do You Prefer?

DURING the next few weeks the Dominion of Canada will be in the midst of one of the most excit- ing and important general elections in its history. For the first time three great parties will participate in the struggle, with the tariff as the paramount issue.

The whole country, and particularly the farmers, will watch with profound interest the tariff discussion between Premier Meighen, Mr. Crerar and Mr. Mac- cenzie King—the three party leaders.

At no time in the history of the Dominion has it been more vitally neces- sary for every elector to be thoroughly posted on the issues of the day. Readers of the

Saskatchewan Rams Now Being Graded By Expert Judges

Many Applications From Prominent Breeders Received
By Association

The Saskatchewan Sheep Breeders' Association has initiated the scheme of grading rams, leading the way in this work in Western Canada. That the scheme is being approved of by the breeders is evidenced by the fact that the secretary of the association has received applications for the grading of 330 pure-bred rams, including applications from all the well known breeders in the province, and covering animals of all the leading breeds, such as Shrophires, Oxford, Leicester, Suffolks, Rambouillet and Southdowns.

The grading is being done by Professor G. W. Woods of the Manitoba Agricultural College, one of the known sheep judges in Western Canada, noted for his careful and conscientious work. He will be assisted in the southern part of the province by Mr. J. H. Ross, of the Provincial Livestock Branch, and in the northern part of the province by Mr. W. S. Benson, of the Animal Husbandry Department of the University of Saskatchewan. Work has already been started and it is expected will be completed by the tenth of October. (Continued on foot of next column)

A New Wheat: Lighter Seeding

Scott Summerfield, merchant and farmer of Dundurn, Sask., has been carrying on experiments in wheat culture with the object of producing a new variety that will meet seasonal conditions without losing the virtue of the standard varieties now being grown. He has succeeded in producing one variety that has heads six inches long and yields a heavy, golden-colored berry which he hopes will fill some of the requirements he is aiming for. This wheat this year yielded grain that weighs 64 pounds to the measured bushel. Mr. Summerfield's wheat fields are always the envy of the Dundurn farmers. He states that he secures his results by sowing only one bushel to the acre believing that a larger quantity is too much. One bushel per acre for planting is now being advocated by scientific farmers in England.

Six farm schools will be in operation in Alberta during the coming winter. These schools are maintained by the provincial government and are intended to teach scientific farming under real farming conditions. Special attention is given to animal husbandry.

except such grading as will be done at the Sheep and Swine shows at Saskatoon, November 2, 3, and 4, and Regina, November 8, 9, and 10.

Latest Portrait of Hon. A. Meighen, Prime Minister of Canada

Garden Notes

Under this heading will appear a series of short notes, from time to time. These notes are written by a local gardener (whose name we are not permitted to publish) and will be written with special regard to the requirements of the soil and climatic conditions prevailing in this district.

Should any special information they are invited to send in their enquiries in writing. Such information, if available, will then be given.—Editor

FALL TREATMENT FOR STRAWBERRY PLANTS

Strawberry plants should now receive a liberal supply of water, and immediately after the ground is frozen and no chance of thawing out before spring, mulch the patch with short straw or litter about six inches deep, which should not be removed until plants have started to make growth in the spring.

FALL TREATMENT FOR RASPBERRY PLANTS

Remove all old canes and protect the tips of this year's growth by binding them to the ground, covering them with earth to weigh them down.

FALL TREATMENT FOR RHUBARB PLANTS

Give a good watering and cover plants with well rotted manure to a depth of at least six inches.

A USEFUL HINT

Prepare soil, and store in cellar until spring, when it will come in handy for starting a few early Tomatoes, etc.

Alberta Coal

There is sufficient coal in the Drumheller field, Red River valley, Alberta, to last the trade for 500 years, according to estimates. The output of the 25 mines in operation there to-day will reach 1,400,000 tons this year, an average of 225 loads per day; and wages paid will exceed \$4,000,000. Thirty thousand acres have been filed on by the mining companies. The coal is distributed by the Canadian National Railways throughout the prairie provinces as far east as Winnipeg.

Delicious Cookies—Chauvin Bakery

Seed Grain For 1922

Reports from many parts of Saskatchewan that grain is germinating in the stocks owing to the long spell of wet weather are causing some anxiety as to the supply of seed of a high germinating quality for the next sowing, and Hon. J. A. Maharg, provincial Minister of Agriculture, is having a questionnaire sent to all the crop correspondents of the Department of Agriculture to ascertain how much of the grain yet unthreshed has been affected and the probable quantity of wheat from early threshing still held in the farmers' granaries.

Mr. Maharg is also securing from the Saskatchewan Co-operative Elevator Company information as to how much of the wheat the company has in store in its elevators, and every effort is being made to secure all the information available at the earliest possible date so as to prevent any possibility of a shortage of good seed next spring. The minister understands that while the store of grain in the country elevators is small, the farmers are already taking steps to acquire a supply of good seed where it is available, and that in some cases they are making arrangements to return grain already delivered by them to the elevators, or to purchase such wheat rather than depend upon that which is to be threshed.

Dr. Seager Wheeler has experimented with 300 varieties of wheat on his farm at Rosthern, Sask. He brought the seed from every part of the globe where the cereal is grown. His arm crop of Red Boba this season is yielding 38 bushels per acre.

Federal Elections Tuesday December 6

Ottawa, Oct. 7 (Canadian Press).—Tuesday, December 6, was officially announced this afternoon as voting day for the general elections. Nominations will be made on November 22 and Parliament is being summoned to meet January 17, 1922. Sir James Loughheed, acting head of the government, made the announcement in the absence of Premier Meighen.

Canadian Fur Farms

There are nearly 500 fur farms in Canada. The value of the breeding stock, chiefly silver foxes, on these farms at the end of last year was \$4,632,605. Sales of fur bearing animals in 1920 amounted to \$745,021 and pelts sold brought \$383,835. Prices for live silver foxes ranged from \$109 to \$1100.

Herbert Greenfield, the newly elected premier of Alberta, was a farm hand in Ontario before he came to Western Canada a few years ago and took up a homestead north of Edmonton.

A 14-acre crop of sunflowers at Lloydminster, yielded 234 tons at a cost of 75 per cent, including 10 per cent for seed.

The city of Calgary has given a British firm a 99-year lease on a five acre site for the establishment of a tannery and boot factory.

Teachers' Alliance

On Saturday last the Chauvin Local of the Alberta Teachers' Alliance held a business meeting for the purpose of electing officers for the ensuing year.

President—Grant Saul, Vice-Pres.—Miss A. Saul; Sec-Treas.—Miss O. Fokins; Press Agent—Mrs. C. Laws; Reception Committee—Miss Freeman, Milne and Mrs. Tesior.

The question of attending the Wain-wright convention was discussed and it was decided that the Local should attend as a unit. Also the convention will be asked to name Chauvin as the meeting point for next year.

An enthusiastic campaign is being undertaken to gather all neighboring teachers into the alliance. A series of meetings will be held through the winter at which various educational topics such as the Binet-Simon and Curtis tests will be discussed. The next meeting will be held at the home of C. Laws, Saturday afternoon, Nov. 5th.

THE WAINWRIGHT**TEACHERS' CONVENTION**

At the Teachers' Convention, to be held at Wainwright on Thursday and Friday, the 27th and 28th of October, the teachers will be privileged in having with them the Hon. Perrin Baker, Minister of Education for the Province of Alberta.

Wants Chauvin Work**Shown at Edmonton**

Edmonton, Oct. 8, 1921.

Mrs. A. E. Keith,
Chauvin, Alta.

Dear Madam:—

The general public has no idea of the quality of the fine art work that is displayed at the various agricultural fairs throughout the Province of Alberta every season.

To assist in making a feature of such a display in this city we have secured the valuable assistance of the Hudson's Bay Co. They have offered a sufficient window space for a week to make a complete exhibition representative of the entire Province. This plan has the hearty approval of the Minister of Agriculture.

Please send us the prize winning exhibit in fine art work, quilts and home made rugs.

The shipment would be made by insured parcel post or express and the expense of transportation both ways will be borne by the Hudson's Bay Company. It should be addressed in their care and marked "Agricultural Exhibition, 1921, Chauvin, Alberta." It must reach Edmonton not later than October 26th so that those in charge will have time to arrange everything for the opening day, October 22nd.

What are the advantages of such an enterprise?

Briefly they are:—

1. The high standard of the exhibit will be brought forcibly before the women of the city and public in general.

2. Your community will be given credit for what it exhibits and you will be "in it" to advertise."

3. It will stimulate the Summer Agricultural Fair and we should have a real live women's department in every fair.

It is in the interests of every Society to help to make this exhibition worth while as considerable time has been given to it by those who conceived the plan.

It costs you nothing except your time in making the shipment.

We are counting on your co-operation so please don't disappoint us.

Yours very truly,

Mrs. J. MACGREGOR SMITH

P.S. If exhibitors will sell any of their exhibits, please have price tags plainly marked. There is a big opportunity for paying home industry in this province.

In accordance with the above letter Mrs Keith will be ready to receive, for shipment, any exhibits which may be handed in. In order to reach Edmonton in time it will be necessary to have all exhibits handed in on or before Saturday evening, October 15.

This is very short notice, but it is all that can be given.

Mrs Smith, the writer of the above letter was one of the judges at our Agricultural fair. Her observations here, and at other country fairs, lead her to believe that it would be a good thing to demonstrate to the city folk the high quality of work done by the women in the country. Can we help her to prove the correctness of her view.

Four Cases Tried

Magistrate Dawson of Wainwright spent a busy time in Chauvin last Friday, there being five cases on the docket for hearing. Four of these being heard, the parties concerned in the fifth being absent.

R. Plouffe was fined \$10.00 and costs for whilst riding his motor cycle passing a vehicle at too great speed and causing a runaway.

George Reynolds was fined \$10.00 and costs for operating a car as a livery without having a chauffeur's license.

Thor Erickson, of Rosas, was fined \$25.00 and costs for running an engine without an engineers license.

Mr Casper, of Ribstone, was fined \$10.00 and costs for operating a pool-room at Ribstone without a license.

LaPearl Notes

The church was beautifully decorated with flowers, fruits, vegetables, and grains, and autumn leaves were entwined about the church walls. The decoration committee consisted of Mrs. John McCluskey and Mrs. H. Morrison assisted by the girls of the Y.P.S.

Amongst the floral tributes at the funeral of the late John Young was one from the ladies of the LaPearl congregation.

Lealholme U. F. W. A

A meeting of the Lealholme U.F. W.A. will hold a meeting on Friday evening October 14th at Prosperity school.

Mr. and Mrs. Ken Coe, accompanied by Mrs. King, visited Chauvin Monday.

Be true to your word, your work, and your friend.

Special Services

The first thanksgiving services were held at Bloomington Valley, Prospect Valley and Ribstone, Sunday 2nd October. The three places of worship were each beautifully decorated with grains, fruits and vegetables in profusion. Special music and singing were features at each service.

At Bloomington Valley, Mesdames Bazley, Powers, Goding and the Misses Bazley and B. Tunney contributed towards the musical part of the service.

At Prospect Valley the Misses Savers, Mrs. Ardine, Mrs. Pattow, Mr. Scott rendered some beautiful music

accompanied by Miss Savers, organist, and Mrs. Woodruff, violinist. At Ribstone the special music was provided by Mesdames Pound, Bell, Blair, Miss McLaughlin, the teacher at Cresthill.

Mr. Hawkins, of Sulphur Springs, will take the services on the LaPearl field, Sunday October 23rd, relieving Mr. Mitchellson who will be attending the synod at Calgary, and also paying a visit with Rev. J. B. Thompson (late of Wainwright) at Banff.

Keep in mind the Bloomington Valley Fowl Spring October 25th.

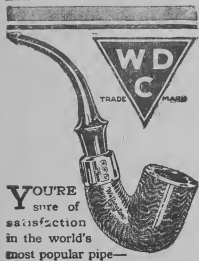

A Song For The First Of The Month

Money cannot fill our needs,
Bags of gold have little worth;
Thoughtful ways and kindly deeds
Make a heaven here on earth.
Riches do not always avert,
Loving words are better far.
Just one helpful act is more
Than a gaudy motor car.
Happy thoughts, contentment bring,
Crabbed millionaires can't know;
Money does not mean a thing,—
Try to tell the butcher so!

None can stretch his life an hour—
Though he suffer boundless wealth;
Money, spite of all its pow'r,
Cannot purchase ruddy health.
Simple pleasures are the best,
Riches bring but misery.

Honey hearts are happiest,
Joy laughs loud at poverty.
Pity those in Mammon's thrall,
Poor, misguided souls are they.
Money's nothing, after all,—
Make the grocer think that way!

Greatest minds the world has known
All agree that gold is dross;
Man cannot live by wealth alone;
Bank books are a total loss.

JUDICIAL SALE OF FARM

Pursuant to the Judgment and Final Order for Sale made in a certain tax action, No. 130 in the District Court of the District of Edmonton, there will be offered for sale by E. A. Foxwell, Auctioneer, in front of the Post Office in the Village of Chauvin on Monday, the 24th day of October, A. D. 1921, at the hour of 2.30 o'clock in the afternoon, the following land and premises, namely:—

The South East quarter of Section Thirty-six (36) Township Forty-two (42), Range Three (3), West of the Fourth Meridian, in the Province of Alberta, reserving thereout all mines and minerals.

The property is said to be situated about two miles south of Chauvin, and contains 195 acres more or less. It is said to be fenced on one side with barbed wire. The land is suitable for pasture. There are no buildings thereon. It is 1½ miles from a school. The property will be offered for sale subject to a reserve bid which has been fixed by the Court.

Terms: Ten (10) per cent. of the purchase price at time of sale, and the balance of the purchase price to be paid into Court within sixty (60) days from the date of the sale, without interest, or in the alternative, Ten (10) per cent. as aforesaid, the execution of a mortgage by the purchaser for the sum of Four Hundred (\$400.00) Dollars, and the remainder of the purchase price to be paid into Court within sixty (60) days from the date of sale, without interest. The mortgage shall be for a term of one (1) year and shall bear interest at the rate of eight (8) per cent. per annum, payable, and the first payment to be paid to the Vendor's solicitors and all other payments are to be made to the undersigned, Clerk of the Court at Edmonton.

Further particulars will be made at the time of sale, or may be obtained from Messrs. Van Allen, Simpson & Co., Solicitors for Mr. Planiff, 211 Free Block, Edmonton, Alberta, dated at Edmonton, Alberta, this day of September A.D. 1921.

R. P. WALLACE
Clerk, District Court.

Approved
J. L. CRAWFORD.

PROFITS OF PRODUCTION

Two farmers met after church as usual, and had this conversation:

"Sold you pig?"
"Yes."
"What'd ye get?"
"Thirteen dollars"
"What'd it cost ye to raise it?"
"Paid \$3 for the shoot, \$5 for the lumber in the pen, and \$5 more for the feed."
"Didn't make much, did ye?"
"No, but I had the use of the pig all summer."

Banking by Mail

Those living at a distance can do their Banking By Mail just as safely and conveniently as though done in person. Many Farmers save themselves special trips to town by adopting our system of Banking By Mail. The Manager will explain this helpful plan. Write or see him, the next time you are in town.

THE MERCHANTS BANK
